General advice: Show this material safety data sheet to the doctor in attendance. Call a physician immediately.

If inhaled: Move to fresh air. If symptoms persist, call a physician.

In case of skin contact: Wash off immediately with soap and plenty of water while removing all contaminated clothes and shoes. Wash off immediately with plenty of water for at least 15 minutes. Wash contaminated clothing before re-use.

In case of eye contact: Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

If swallowed: Clean mouth with water and drink afterwards plenty of water. Do not induce vomiting without medical advice. Never give anything by mouth to an unconscious person.

Most important symptoms and effects, both acute and delayed: Irritating to eyes, respiratory system and skin. May cause an allergic skin reaction. Harmful if swallowed. Toxic in contact with skin. Causes serious eye damage. Fatal if inhaled. Causes severe burns.

Notes to physician: Treat symptomatically.
